

## TOWNSFOLK

|  |                      |                                                                                                                            |
|--|----------------------|----------------------------------------------------------------------------------------------------------------------------|
|  | <b>Innkeeper</b>     | Each night*, choose 2 players: they can't die tonight, but 1 is drunk until dusk.                                          |
|  | <b>General</b>       | Each night, you learn which alignment the Storyteller believes is winning: good, evil, or neither.                         |
|  | <b>Gossip</b>        | Each day, you may make a public statement. Tonight, if it was true, a player dies.                                         |
|  | <b>Balloonist</b>    | Each night, you learn a player of a different character type than last night. [+0 or +1 Outsider]                          |
|  | <b>Fisherman</b>     | Once per game, during the day, visit the Storyteller for some advice to help your team win.                                |
|  | <b>Flowergirl</b>    | Each night*, you learn if a Demon voted today.                                                                             |
|  | <b>Amnesiac</b>      | You do not know what your ability is. Each day, privately guess what it is: you learn how accurate you are.                |
|  | <b>Chambermaid</b>   | Each night, choose 2 alive players (not yourself): you learn how many woke tonight due to their ability.                   |
|  | <b>Bounty Hunter</b> | You start knowing 1 evil player. If the player you know dies, you learn another evil player tonight. [1 Townsfolk is evil] |
|  | <b>Savant</b>        | Each day, you may visit the Storyteller to learn 2 things in private: 1 is true & 1 is false.                              |
|  | <b>Pixie</b>         | You start knowing 1 in-play Townsfolk. If you were mad that you were this character, you gain their ability when they die. |
|  | <b>Poppy Grower</b>  | Minions & Demons do not know each other. If you die, they learn who each other are that night.                             |
|  | <b>Mathematician</b> | Each night, you learn how many players' abilities worked abnormally (since dawn) due to another character's ability.       |

## OUTSIDERS

|  |                   |                                                                                                         |
|--|-------------------|---------------------------------------------------------------------------------------------------------|
|  | <b>Politician</b> | If you were the player most responsible for your team losing, you change alignment & win, even if dead. |
|  | <b>Butler</b>     | Each night, choose a player (not yourself): tomorrow, you may only vote if they are voting too.         |
|  | <b>Mutant</b>     | If you are "mad" about being an Outsider, you might be executed.                                        |
|  | <b>Lunatic</b>    | You think you are a Demon, but you are not. The Demon knows who you are & who you choose at night.      |

## MINIONS

|  |                   |                                                                                                                            |
|--|-------------------|----------------------------------------------------------------------------------------------------------------------------|

|  | <b>Widow</b>      | On your 1st night, look at the Grimoire & choose a player: they are poisoned. 1 good player knows a Widow is in play.      |

|  | <b>Vortex</b>      | Each night*, choose a player: they die. Townsfolk abilities yield false info. Each day, if no-one is executed, evil wins. |
